“Reflections on Research”
Student Photo & Essay Prize

Submissions Due: October 5th, 2020
Virtual Exhibition: October 20th, 2020

The Council on Latin American & Iberian Studies (CLAIS) and the European Studies Council (ESC) invite submissions for a new photo and essay prize on the theme, “Reflections on Research.” How have you, as young scholars, continued with your research? How have you adapted your working practices to this situation? Have you found a new intellectual community via remote channels? Have you drawn from material collected abroad at a previous time, and reworked it to fit into your project? Have you had any unexpected realizations about your research topic that have reenergized your dissertation?

The contest is open to all Yale University students. The submissions should relate to research and/or academic travel while the student was in Latin America, the Caribbean, and Europe (including Eurasia and Russia).

Winners of the prize will receive $400 (first place), $200 (second place), and $100 (3rd place).

For details and submission guidelines visit the "Reflections on Research" prize website: http://bit.ly/CLAIS-ESC_PhotoEssayPrize
